About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (949) 497-7785.

School Description

Thurston Middle School is part of the Laguna Beach community. Sloping down the Laguna Hills to the edge of the Pacific Ocean, Laguna Beach is known for its dramatic contrast of mountains and beaches. A center for fine arts, Laguna Beach's culture is as unique as its landscape.

The Laguna Beach Unified School District serves students in grades kindergarten through 12 by providing comprehensive educational programs through its two elementary schools, a middle school, and a high school. The District is proud of the high level of community support it receives and the commitment the community demonstrates towards its students. The Laguna Beach Education Foundation (School Power) was created by the community to provide additional funds to the school district to support school programs and activities. Thurston Middle School serves students in grades six through eight on a traditional school calendar. Our school's 771 students proudly call themselves the Wave Riders.

Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Thurston Middle School. Our parents serve on the School Site Council, the English Language Advisory Council, the Parent Teacher Association, and the GATE Advisory Council. Numerous programs and activities are enriched by the generous contributions made by the SchoolPower Education Foundation.

Parents who are interested in Thurston Middle School's committees, school activities, or volunteer programs, may contact the principal at 949-497-7785, or visit the school's website at www.lbusd.org.

District Mission Statement

Each student gains the knowledge, experience, world perspectives, and skills needed to become a lifelong learner and producer in a competitive and interconnected world.

Education in the Laguna Beach Unified School District

- Is challenging while insuring each student's successful experiences in education.
- Provides lifelong values, attitudes, and skills which promote public service and respect for others.
- Offers environments that spark individual curiosity and learning.
- Encourages an appreciation of differences, diversity and similarities.
- Ignites a commitment to learning, scholarship, creativity and service.
- Explores various career paths.
- Is relevant to each student's immediate and future goals, and
- Prepares graduates to adapt to change and deal with a technological age and a global environment.

The Schools in the Laguna Beach Unified School District are the convening points of the community and, as such, are connected with each other, the community, and the world through information-rich, interactive technology.

Laguna Beach Unified School District Goals

Goal One: Student Achievement

All students will demonstrate academic growth across content areas.

Goal Two: School Culture

Each student will strengthen connections to the school, the community, and the world by engaging in activities that build skills and responsibility.

Goal Three: Learning Environment

Safe, attractive, clean, and well-equipped learning environments will be provided for each student.

Goal Four: Staffing

The District will recruit, hire, train, and retain high performing staff.

Goal Five: Fiscal Responsibility

The District will maintain fiscal solvency and transparency to ensure support of student learning.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Safety of our students and staff is our primary concern. The school has a closed campus; all visitors must sign in at the front office and wear identification tags while on school grounds. School staff and administrators are on duty during recess, lunch, and before and after school to ensure the safety of all our students.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year.

A Comprehensive School Safety Plan was developed by the School Site Council in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The school evaluates the plan annually and updates the plan as needed. The plan was last updated in the August 2013 and is reviewed with our school staff at that time as well.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: July 2013

Thurston Middle School provides a safe and clean environment for our students, staff, and volunteers. The school is situated on 15 acres. School facilities were built in the 1930's with additions built in 2004. They span 49,218 square feet, and include classrooms, a multipurpose room, administrative offices, restrooms, and storage rooms.

School Facility Good Repair Status (School Year 2013-14)

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Laguna Beach Unified School District offers staff development and training opportunities to its teachers, administrators, and support staff. The District offers one staff development buy-back day annually where teachers are provided a broad-based variety of professional growth opportunities in curriculum and instructional strategies. Staff development topics include technology, teaching strategies, assessing change, and review of the California Standards as necessary.

Teachers at Thurston Middle School participated in additional training on technology, analysis of student achievement, and developing strategies to assist all students to meet grade level standards. To identify staff development needs for focus areas, teachers collaborate by department in professional learning communities to improve student outcome.

Laguna Beach Unified School District offers two programs to support new and veteran teachers in their classroom skills and to ensure continued professional development. Beginning Teacher Support and Assessment (BTSA), a state-sponsored program, is designed for first and second-year credentialed teachers and provides skills assistance over a two-year period. The District's Peer Assistance and Review (PAR) program is designed to improve the education of students and enhance the classroom performance of teachers, targeting both new and veteran teachers.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Based on 2008-09 audited financial statements, Laguna Beach Unified School District spent an average of \$13,670 to educate each student. The chart provides a comparison of Thurston Middle School's per pupil funding (from both restricted and unrestricted sources) with district and state (unrestricted) sources.

In addition to general fund state funding, Laguna Beach Unified School District received state and federal categorical funding for the following categorical, special education, and support programs:

- * Class Size Reduction
- * Economic Impact Aid
- * Instructional Materials
- Special Education

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: October 11, 2011

Laguna Beach Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support our school's instructional program. Laguna Beach Unified School District held a Public Hearing on October 11, 2011, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials in core subjects for use in the classroom and to check out and take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks. Laguna Beach Unified School District follows the State Board of Education's six-year adoption cycle for core content materials. A committee consisting of administrators and teachers from each school establishes selection criteria based on state standards, reviews instructional materials on the state list, and makes recommendations to the Board of Education for final approval.

We take pride in our school's state-of-the-art technology. All classrooms are equipped with TV/DVDs and computers with Internet access. With almost 40% of our classrooms having Chrome books or iPads, students receive computer instruction regularly. Elective courses provide students opportunities to further build technology skills. Through a variety of funding sources, we have purchased FOUR Computers on Wheels (C.O.W.) Teachers check out the C.O.W. within departments and the core curriculum is enhanced through the use of this technology. We will continue to empower our students with the ability to utilize technology as a tool to enhance and extend learning.

All textbooks are in adequate supply and in excellent to good condition. The school and district place great emphasis on providing students with the most up-to-date, state-adopted textbooks and instructional materials; 100% of students in each core subject areas possess the necessary textbooks and instructional materials.

<u>Note</u>: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include Englishlanguage arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate
 assessment that is based on modified achievement standards in ELA
 for grades three through eleven; mathematics for grades three
 through seven, Algebra I, and Geometry; and science in grades five
 and eight, and Life Science in grade ten. The CMA is designed to
 assess those students whose disabilities preclude them from
 achieving grade-level proficiency on an assessment of the California
 content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
