School Description

Top of the World Elementary School is part of the Laguna Beach community. Sloping down the Laguna hills to the edge of the Pacific Ocean, Laguna Beach is known for its dramatic contrast of mountains and beaches. As a center for fine arts, Laguna Beach's culture is as unique as its landscape. During the 2007/2008 and 2013/2014 school years, Top of the World Elementary received recognition as a California Distinguished School.

The Laguna Beach Unified School District serves students in grades kindergarten through 12 by providing comprehensive educational programs through its two elementary schools, a middle school, and a high school. The District is proud of the high level of community support it receives and the commitment the community demonstrates towards its students. The Laguna Beach Education Foundation (School Power) was created by the community to provide additional funds to the school district to support school programs and activities. Top of the World Elementary School serves students in grades kindergarten through five on a traditional school calendar. Our school is also home to the Community Learning Center, an alternative education program for students in grades one through four. Top of the World Elementary School focuses on differentiated instruction through its comprehensive Response to Instruction approach to meeting the needs of all students. During the 2014-2015, 654 students were enrolled in grades kindergarten through five at Top of the World Elementary School. The student population included 5.87% socioeconomically disadvantaged, 2.79% English learners, and 11.01% students with disabilities.

Top of the World Elementary School's mission is to create a challenging learning environment that encourages high expectations for success through developmental appropriate instruction that allows for individual differences and learning styles. Our teachers and support staff work together with our parents to ensure all of our students reach their potential and are prepared to make positive contributions to the world.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (949) 497-7790 or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Laguna Beach Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support our school's instructional program. Laguna Beach Unified School District held a Public Hearing on October 11, 2011, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials in core subjects for use in the classroom and to check out and take home. Textbooks and instructional materials used within the District are aligned with the Common Core State Standards and 21st Century Learning. New Mathematics Adoption materials are being piloted for the 2014-2015 school year. Laguna Beach Unified School District follows the State Board of Education's six-year adoption cycle for core content materials. A committee consisting of administrators and teachers from each school establishes selection criteria based on state standards, reviews instructional materials on the state list, and makes recommendations to the Board of Education for final approval. The chart below illustrates the most recent textbooks, as of September 2014 for Top of the World Elementary School.

School Facility Conditions and Planned Improvements (Most Recent Year)

Top of the World Elementary School provides a safe, clean environment for our students, staff, and volunteers. The school is situated on 15.2 acres. School facilities were built in the 1970's with additions built in 1975 and 2003. They span more than 53,230 square feet, and include classrooms, a multipurpose room, administrative offices, restrooms, a Library Media Center, and storage rooms. The facility strongly supports teaching and learning through its ample classroom and playground space, and a staff resource room.

The chart below displays the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Top of the World Elementary School. Our parents serve on the School Advisory Committee (SAC), Parent Teacher Association (PTA) and the GATE Advisory Council. Numerous programs and activities are enriched by the generous contributions made by the School Power Education Foundation and the PTA. Parents who are interested in Top of the World Elementary School's school committees, school activities, or volunteer programs may contact the principal at (949) 497-7790.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

Safety of our students and staff is our primary concern. The school has a closed campus; all visitors must sign in at the front office and wear identification tags while on school grounds. School staff and administrators are on duty during recess, lunch, before and after school to ensure the safety of all our students. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year.

A Comprehensive School Safety Plan was developed by the district in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The school evaluates the plan annually and updates the plan as needed. The plan was last updated in August 2015 and is reviewed with our school staff at the beginning of each school year. Top of the World incorporates the Positive Behavior and Intervention Support Model in creating an atmosphere of kindness and caring among staff and students.

Professional Development provided for Teachers

Laguna Beach Unified School District offers staff development and training opportunities to teachers, administrators, and instructional aides. The District offers two full staff development days annually where teachers are offered a broad-based variety of professional growth opportunities in curriculum and instructional strategies. To acquire specialized knowledge and skills, teachers at Top of the World Elementary School participated in additional training through workshops, conferences, and demonstration lessons, on Common Core Mathematics, Literacy, Writing, Instructional Strategies, and technology. Staff development topics are determined based on needs assessment, input and feedback, local and state assessment results, and classroom observation. Common Core implementation is continuous through district and staff trainings as well as weekly PLC grade level department meetings.

Laguna Beach Unified School District offers two programs to support new and veteran teachers in their classroom skills and to ensure continued professional development. Beginning Teacher Support and Assessment (BTSA), a state-sponsored program, is designed for first and second-year credentialed teachers and provides skills assistance over a two-year period. The District's Peer Assistance and Review (PAR) program is designed to improve the education of students and enhance the classroom performance of teachers, targeting both new and veteran teachers. Top of the World Elementary School teachers utilize these programs with the goal of accomplishing the highest level of success for our students.

Types of Services Funded

In addition to general fund state funding, Laguna Beach Unified School District received state and federal categorical funding for the following categorical, special education, and support programs:

- Title II, Teacher Training
- Title III, Limited English Proficient
- Instructional Materials
- Special Education

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
