

LAGUNA BEACH UNIFIED SCHOOL DISTRICT

SUICIDE PREVENTION

BP 5141.52

Students

The Governing Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and postvention.

In developing measures and strategies for use by the district, the Superintendent or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, local health agencies, mental health professionals, and community organizations.

Such measures and strategies in grades 6-12 shall include, but are not limited to:

Staff development on suicide awareness and prevention for teachers, school counselors, and other district employees who interact with students in the secondary grades (6-12).

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide.
