

Got Creative Kids?

Is your child a tinkerer? Do they love acting, science or invent gadgets, play with words and rhymes, figure out imaginative solutions?

Maybe the perfect fit!

DESTINATION IMAGINATION

helps students develop skills with activities that give them hands-on experience in areas like science, engineering, performing arts, community service and more!

Destination Imagination is an award winning International program for kids kindergarten through college! Kids form a team and participate in one of 7 open ended challenges.

Teachers and parents love the program because it helps students develop self-confidence, teamwork and creative problem solving skills.

Kids love the program
because it is FUN!
