Includes lunch, Junior Ranger gear, wilderness themed activities, games and take-home crafts!

Limited to the first 10 campers signed up! Ages 6-13 recommended.

Cost: \$120 per camper per day

LEARN

CREATE

EXPLORE

## Wednesday: Bees & Bugs

Junior Rangers will explore the insect kingdom, learning all about local insects and the importance of bees in our ecosystem. Local artists will join us to develop nature journals as we sketch and take an animation class. With help from our nature journals, we'll seek to identify insects in their natural habitat!

## Thursday: Garden Party

Junior Rangers venture to Scout Garden to get their hands dirty with The Ecology Center and learn about planting and harvesting at our ½ acre organic garden. Campers plant their own seed-bearing lollipops after decorating their own planting tins! Followed by games and kid's lunch outside in our canyon camp!

## Friday : Creatures of the Canyon

Campers will venture to the infamous Scout Camp at the edge of our property, uncover animal tracks and make clay casts of their favorite track. While the casts dry, Rangers will head to The Pond for a pool party!

## Saturday: Birds of Prey

Junior Rangers will learn about raptors through an interactive experience presented by Orange County Birds of Prey Center. Using a pine cone and other indigenous elements, Rangers will design and create their own owl to take home. We'll even bring along our Audubon expert to point out various species.

Must book with reservations at : (949) 499-2271 Ext. 1 or [reservations@ranchlb.com](mailto:reservations@ranchlb.com)
